

Commercial Air Purification System- Mini A Photohydroionization™ (PHI) Technology

Reduces Airborne

- Smoke •Mildew / Mold
- Odors •Bacteria

Optional Absorbers

- Grease & Oils- Restaurants
- Mercury - Dental offices, Labs

Benefits

- Economical
- Maintenance Free (yearly)
- 10,000 Hour Cell Life
- Light weight
- Compact
- Versatile mounting options

Part# CAPS-MINI-16

Ideal for most offices, doctor / dental offices, nail salons, pet groomers, veterinarians and more!

Restaurant:

Restaurants have airborne FOG (Fats, oils and grease) problems . Grease has been linked to cancer.

Dental Offices:

Fillings referred to as “silver” or amalgum contain mercury. The drilling of these fillings asperates the mercury which is linked to nerve damage and mental problems.

The Problem:

Indoor air pollution is now considered by the EPA and Congress to be America’s No. 1 environmental health problem. Tightly sealed buildings and homes may be more energy efficient but can trap pollutants and microbes indoors causing allergies odors, mold and illness.

The Solution:

The RGF APS Mini has proven to drastically reduce airborne odors, mold, and bacteria in the 90+ percentile along with significant smoke reduction. Airborne FOGs also are reduced over 90% for restaurant applications and mercury is reduced over 90% for dental applications.

Actual lab tests showing up to 90% reductions of airborne bacteria and mold

SPECIFICATIONS

Dimensions:	6.25" h x 6.25" d x 18" w
Electrical:	110 VAC
Controls:	On / Off
Weight:	5 lbs.
Material:	Stainless Steel/ Polymers
Advanced Oxidation:	Less than .04 ppm
PHI Cell Part#	PHIC-5A

% ODOR REDUCTION

THE PURE AIR GROUP ARE THE ONLY DISTRIBUTOR FOR RGF PRODUCTS IN THE UK.

Bringing new technology to rid us from harmful bugs and bacteria in today's world.

We are both a maintenance based service and a call out/outbreak service. How many of us have heard these words mentioned in the news? MRSA, e-coli, Norovirus, that occur in Care Homes, Hospitals, Schools, Nurseries, through many sectors like Public transport, Call centers, Food hygiene ratings for all in the hospitality business and even your own home.

We look forward to working with you to create a better environment.

Organisations using our service could even save money. How? You ask, well if you did not have to pay for temporary staff because full time staff are off sick this could be a great saving you would make from using this service. Not only does Pure Air Group create a better environment we will ensure you remain complaint to the highest standards expected by the local authorities.

For your customers and clients' it gives them the peace of mind you really do go that one step further to enhance their experience and create an environment in which to thrive whilst in your facility.

Live & work in a virus free environment

New technology to improve all our worlds

To find out more about our products and how they can benefit you, visit our website or contact us.

The Technology:

The APS Mini utilizes RGF's Photohydroionization™ Cell which utilizes super oxide ions, hydro peroxides, passive negative ions and uv light targeted on a hydrated quad-metallic target to develop a advanced photo-catalytic oxidation.

The resulting Advanced Oxidation reduces airborne mold, bacteria and odors over 90%. The restaurant option include a FOG absorber which captures over 90% of airborne FOGs. The dental option includes an airborne mercury absorber which can remove over 90% of airborne mercury.

Optional vertical stand
